STEPS TO SCHEDULE A LIVE LOTERÍA EVENT WITH LATINO ARTS

1. Watch the [Lotería Demo video](#) and review the Lotería FAQ document
2. Fill out the [Lotería interest form](#).
Our team will contact you via email shortly after your submission
3. Schedule a quick call to review date, time, logistics of the event, custom card request, payment, and to review any questions.
 - Please have a few dates and times in mind for the event in case your first choice is unavailable.
 - We also recommend having some ideas for your custom card - it can be your logo, a company value, or something your team will identify with.
4. We will take all the information discussed, reserve your date and time, and send you an invoice and agreement letter to review with your team. We will also start working on your custom card for you to review and approve.

CUSTOM CARD & TABLAS

Custom cards are embedded in each tabla making each game board special to each participant. Please upload your logo when completing the Lotería interest form and share any ideas you might have for your custom card.

Once your custom card is designed, we'll send you the PDF tablas to share with your participants. All the game materials are digital. The final tablas will be emailed to you to share with your participants a week prior to the event.

To share the tablas with your participants we recommend creating a shared drive where participants can access the tablas. Participants can download the PDF file and mark up the tabla using a PDF reader or by printing the file out and using a writing utensil or markers from another board game or pinto beans as it is traditionally used.

VIDEO CALL PLATFORM

The Lotería session is in essence a video call with your team. Please note that to have a successful and interactive event, it is important that we are able to share our screen and participants can chat and be seen.

PERFERRED VIDEO CALL PLATFORMS: Webex and Zoom

- **WEBEX:** We have a license for Webex and can set up the meeting notice for the event.
- **ZOOM:** You will need to set up the meeting notice and share it with Latino Arts.

NOTE: We will not conduct a Live Lotería session on the following platforms: Google Meets, Microsoft Teams.

LIVE LOTERIA PACKAGE FAQ

THE RULES OF THE GAME

Lotería is very similar to Bingo. Each player will have a game board, called *tabla* in Spanish, and instead of numbers and letters, Lotería is a visual game. There are 54 cards with beautifully illustrated images that showcase a wide range of items such as the moon, a rooster, and a pine tree. We will call out the cards and participants will need to match the card called to the image on their tabla and mark them as we go. In order to win, the participants must complete the winning combination on their board and type out “Lotería” in the chat. The winning combination will be announced at the beginning of each round and is the same as Bingo (full card, vertical, horizontal, diagonal etc.).

THE EVENT

Jacobo Lovo, Managing Artistic Director, will host the event. You will have time for multiple rounds including a slow intro round that will walk participants through the game and a lightning round towards the end.

The hour-long virtual Lotería will follow the outline below:

- Introductions – 5min
- History of Lotería – 5min
- Rules of Lotería – 5min
- Round 1 – 15min: The first two rounds will be conducted as a slide show. We will take the time to explain the cards and the saying the correspond with each card.
- Round 2 – 15min
- Round 3 – 5-8min: For the rounds 3-4 we will switch cameras and use the actual Lotería deck
- Round 4 (If possible) – 5-8min
- Conclusion

FREQUENTLY ASKED QUESTIONS

- **HOW MANY PEOPLE CAN PLAY?**
As many participants the video call platform allows!
- **THE PACKAGE ONLY CONTAINS 60 TABLAS. WHAT IF OUR GROUP IS LARGER THAN 60?**
The package only contains 60 tablas. Any session with more than 60 participants will have to repeat tablas. This does increase the chances for multiple participants to win.
- **HOW DOES ONE WIN?**
In order to win, participants must complete the winning combination on their board and type out “Lotería” in the chat. If we have multiple winners, the chat messages will be time stamped and will help determine the first participant who sent the first “Lotería” message.
- **CAN THE GAME BE BILINGUAL?**
Yes! Lotería is originally in Spanish and throughout the game we provide the English translations.
- **IS THE GAME FAMILY FRIENDLY?**
Yes! The game is usually played with family and friends so feel free to include your kiddos!
- **CAN YOU SHARE THE SLIDES?**
Unfortunately, the deck we use for the live session is not available for public use. We do offer a standard Lotería package that includes a similar deck which you can purchase and conduct on your own.
